**Special Note with Respect to Report of Arthur Andersen LLP for the Years Ended December 31, 1999 and December 31, 2000.**

In connection with International Paper Company's (Company) change of auditors by its Board of Directors on April 9, 2002, the employee benefit plans sponsored by the Company have also changed auditors. The new auditor of Champion International Corporation Savings Plan for Hourly Employees #158 (Plan) for fiscal years 2001 and 2002 is Deloitte & Touche LLP. During the fiscal years ended December 31, 1999 and 2000, the Plan did not have any disagreements with Arthur Andersen LLP on any matter of accounting principles or practices, financial statement disclosures or auditing scope or procedures which, if not resolved to Arthur Andersen LLP's satisfaction, would have caused it to make reference to the disagreement in connection with its report.

SEC rules require us to present our audited financial statements in various SEC filings, along with Arthur Andersen LLP's consent to our inclusion of its audit report in those filings. The SEC recently has provided regulatory relief designed to allow companies that file reports with the SEC to dispense with the requirement to file a consent of Arthur Andersen LLP in certain circumstances. We have not been able to obtain, after reasonable efforts, the written consent of Arthur Andersen LLP to our incorporating its report as having certified our financial statements for the Plan for the years ended December 31, 1999 and 2000. The report of Arthur Andersen LLP included herein is a copy of a previously issued Arthur Andersen LLP report and this report has not been reissued by Arthur Andersen LLP. Accordingly, you will not be able to sue Arthur Andersen LLP in connection with the inclusion of this report herein, and therefore, your right of recovery may be limited as a result of the lack of consent.

## INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of  
Champion International Corporation  
Savings Plan for Hourly Employees #158:

We have audited the accompanying statement of net assets available for benefits of Champion International Corporation Savings Plan for Hourly Employees #158 (the "Plan") as of December 31, 2001 and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements as of and for the year ended December 31, 2000 were audited by other auditors whose report, dated June 4, 2001, expressed an unqualified opinion on those statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2001 and the changes in net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As further discussed in Note 1 to the financial statements, effective March 31, 2002, the Plan was merged into the Savings Plan for Designated Groups of Employees of International Paper Company.

## SAVINGS PLAN FOR HOURLY EMPLOYEES #158

### NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2001 AND 2000

---

#### 1. DESCRIPTION OF THE PLAN

*General* - The following description of the Champion International Corporation Savings Plan for Hourly Employees #158 (the "Plan") provides only general information. The assets of the Plan are held in the Defined Contribution Plans Master Trust (the "Master Trust"). Reference should be made to the plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

In June 2000, International Paper Company ("International Paper") completed the acquisition of Champion International Corporation ("Champion"). Champion shareholders received \$50 in cash and \$25 worth of International Paper common stock for each Champion share. For purposes of these financial statements, references to "the Company" relate to Champion prior to the acquisition and International Paper thereafter.

The Plan, which was established effective January 1, 1989, is a contributory savings plan available to hourly employees of the Company. The Plan includes a 401(k) savings option allowing participants to contribute before-tax compensation as well as after-tax compensation.

Effective March 31, 2002, the Plan was merged into the Savings Plan for Designated Groups of Employees of International Paper Company (the "Savings Plan"). Effective April 1, 2002, the Savings Plan was amended and restated to incorporate new plan design features and was renamed the International Paper Company Hourly Savings Plan.

*Contributions* - Participants may contribute up to a maximum of 22% of their compensation, subject to certain Internal Revenue Code (the "Code") limitations. The Company matches the participants' contributions to the Plan up to a certain amount per year as specified in the applicable collective bargaining arrangements.

*Participant Accounts* - Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings, and debited with the participant's withdrawals, if applicable, and allocations of plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

*Investment Options* - Participants direct the investment of their contributions into various investment options offered by the Plan. Company contributions are invested in the Company Stock Fund, which is comprised of shares of International Paper common stock. Once participants reach age 55 or receive a termination date, they are permitted to transfer the Company match portion of their Company Stock Fund to other available investment options.

In March 2000, participants were given the option of transferring qualified amounts in the Plan to invest directly in individual stocks, fixed income securities and mutual funds not offered by the Plan

through a brokerage account. Earnings for the funds and brokerage accounts are based upon the performance of the underlying assets.

*Loans to Participants* - Participants are permitted to borrow against their account balances and their vested portions of the Company Stock Fund contributions. The terms and conditions of these loans are established to be in compliance with applicable laws and regulations. The interest rate charged to participants is prime at origination plus 1%. Principal and interest are paid ratably through regular payroll deductions. The interest rates on outstanding loans ranged from 6% to 10.5% as of December 31, 2001.

*Vesting* - Participants are vested immediately in their contributions plus actual earnings or losses thereon. Participants ratably vest in Company contributions, as adjusted for any earnings or losses, based upon years of service. A participant is 100% vested after five years of credited service with the Company. Forfeited balances of terminated participants are used to reduce future Company contributions.

*Payments of Benefits* - Upon termination of service due to death, disability, retirement, or voluntary termination, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum, lifetime or specific life annuity or installments.

*Expenses of the Plan* - Certain investment management expenses are paid by the Plan while other administrative expenses are paid by the Company and are not included in the accompanying financial statements. The trustee nets the administrative expenses of each plan in the Master Trust with the investment loss of the Master Trust.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Basis of Accounting* - The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America.

*Use of Estimates* - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. The Master Trust utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

*Investment Valuation and Income Recognition* - The Plan's interest in the Master Trust, except for the guaranteed investment contracts, is valued at fair value. If available, quoted market prices are used to value the underlying investments. In instances wherein quoted market prices are not available, the fair value of investments is estimated primarily by independent investment brokerage firms and insurance companies.

The Plan has entered into various benefit-responsive investment contracts with insurance companies which maintain the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value as reported to the Plan by the issuer. Contract value represents contributions made under the contract, plus earnings, less

participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contracts held by the Master Trust at December 31, 2001 was approximately \$474,936,000. For 2001, the aggregate average yield and crediting interest rate of the investment contracts were 6.6% and 6.5%, respectively.

Within the Master Trust, purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

*Payment of Benefits* - Benefits are recorded when paid.

### 3. MASTER TRUST

The Plan's investment assets are held in a trust account at J.P. Morgan/American Century Retirement Services (the "Trustee") and consist of an undivided interest in an investment account of the Master Trust, a master trust established by the Company and administered by the Trustee. Use of the Master Trust permits the commingling of trust assets with the assets of other plans sponsored by the Company for investment and administrative purposes. Although assets of the plans are commingled in the Master Trust, the Trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans. The net investment income or loss of the investment assets and administrative expenses are allocated by the Trustee to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans.

The investments of the Master Trust at December 31, 2001 and 2000, are summarized as follows:

	2001	2000

## 5. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated January 11, 1999 that the Plan and related trust were designed in accordance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter; however, the Company and the Plan Administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Code, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

## 6. RELATED-PARTY TRANSACTIONS

Certain of the Plan's investments are shares of mutual funds managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions. Also included in the Plan's investments are shares of common stock of International Paper, the Plan's sponsor, which qualify as party-in-interest transactions.

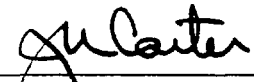

## 7. TRANSFERS TO/FROM OTHER PLANS

The Company transfers participant account balances and the related assets between the Plan and the Champion International Corporation Savings Plan #077 for participants who have changed employment status (i.e., hourly or salaried).
